

Request for Form I-20 & Certificate of Finances Instructions International Students 2018 – 2019

Section I. Personal Information

(Student must complete all sections, unless exempted from specific items listed below.)

In what subject area do you plan to study/major? This information is required and will appear on your I-20. In addition, consular officials may inquire about your course of study, so be sure that it accurately reflects your academic interests (i.e., Computer Science, Advanced Technology, Mechanical & Industrial Engineering, etc.).

If you are currently in the U.S., what is your visa status? Please indicate whether it is an F1, H4, R2 or any other type of non-immigrant visa.

*Students studying in the U.S. must submit photocopies of current I-20 and I-94 documents with their application form.

Section II. Address Information

Permanent Address. Your permanent address must be a **non-U.S.** address in order for an I-20 to be issued to you. If you are currently living in the U.S., you must provide the address of a relative or friend abroad who will be able to retrieve your documents if necessary.

Mailing address. Only complete this if you want your documents to be sent to an address other than your permanent address.

Issuance of documents. Form I-20 will be mailed **first-class, air mail**. If you prefer to have documents mailed via courier service (DHL, UPS, FedEx, etc.), you must request special handling from the Admissions Office via e-mail at: intladmissions@floridapoly.edu. You must also provide billing information as you are solely responsible for all fees associated with this service.

Section III. Source and Amount of Funding

According to USCIS regulations, the international student advisor is required to receive and evaluate evidence of financial support to verify that students will be able to sufficiently cover the costs of their education. Original documents or certified copies/letters must be provided by banks, sponsoring agencies, etc., as necessary, to confirm funding sources. The amounts provided must be equal to or greater than the estimated total cost of attendance for 2018-2019 (\$39,199 for undergraduates and \$38,192 for graduates).

Source of Funds for 2018-2022. You must provide exact amounts for the academic year 2018-2019. For each subsequent year (2018-2019, 2019-2020, and 2020-2021), provide an estimate of the projected funds you plan to receive. Therefore, if you anticipate the amount of financial aid, family income, etc., to remain relatively the same, you may duplicate those amounts in the appropriate columns.

Florida Polytechnic University Financial Aid. You must provide a copy of your Financial Aid award letter.

Your Personal Funds. You must provide a bank statement or certified letter (with an English translation, as necessary) for any income earned from employment, etc., that will be applied to the costs of your education. While it is likely that the bank statement will fluctuate, please provide as accurate information as possible. For example, if you intend to provide \$3,000 and your bank statement indicates a balance of \$1,000, that is to be expected. We need to ensure that there is a pattern of assets being set aside for the purpose of funding your education. The amount that you provide on this form should be the amount you plan to have available at the time you travel to the U.S. to pursue your studies. You will have the opportunity to declare any dependents that will accompany you.

Family/Relative Funds. You must provide a bank statement or certified letter indicating the amount of funds that your family members plan to apply to the costs of your education. While it is likely that the bank statement will fluctuate, please provide as accurate information as possible. For example, if you intend to provide \$3,000 and your bank statement indicates a balance of \$1,000, that is to be expected. We need to ensure that there is a pattern of assets being set aside for the purpose of funding your education. The amount that you provide on this form should be the amount you plan to have available at the time you travel to the U.S. to pursue your studies.

Government or Sponsoring Agency. If you will receive any money (scholarships, grants) in addition to, or in place of, the funding sources listed above, you must provide the official letter(s) of support/award, along with the amount.

Other. Any other funds being provided that do not apply to any of the previous sections should be listed here (stocks, etc.).
